

Make a Difference

Report Adverse Reactions to Pesticides!

There is a *new* reporting mechanism online, and it was designed to be *quick* and *easy* for busy veterinarians.

About 30,000 reports of adverse effects in pets are received by the US EPA each year. Reports vary in quality, and this portal is expected to generate more reliable data on pesticide incidents, from veterinarians like you.

<http://npic.orst.edu/vet>

The reporting site was developed by the National Pesticide Information Center with input from the EPA Office of Pesticide Programs, the AVMA Clinical Practitioners Advisory Committee and the AVMA Council on Biologic and Therapeutic Agents.

HOW TO REPORT...

adverse reactions to pesticides

- 1) Go to <http://npic.orst.edu/vet>
- 2) Answer required questions
- 3) Click “Save”

If you have questions, call 1-800-858-7378
Monday - Friday, 8:00 a.m. to 12:00 p.m PST

The National Pesticide Information Center (NPIC) is a cooperative effort between Oregon State University and the United States Environmental Protection Agency.
